Ekworo Ajaka (Marcellinus Ndaisi)

This folk music is geared towards the eradication of some of the ugly behaviours among us such as hatred, jealousy, envy, malice etc. The music depicts a typical African background/setting. The soloist(s) who is also the story teller comes out on the stage and introduces the chorus before other parts (who are the audience rushing to hear the story) join.

"munnem, ekworo ajaka!"
