Psalm 98:1 — "Sing to the Lord a new song,
for He has done marvelous things."

NOTE:

- * Vocal techniques to be employed should be free flowing and void of vibrato and/or restrictive singing.
- * Parts can be introduced sequentially (BTAS, SATB, ATBS e.t.c.)
- * This piece is more Gospel themed than "Classical", Tenors should sing more with their mixed voices. Other parts should adopt the necessary/required voice types/registers.
- * Tenor should sing "He has" as "He's".
- * Parts can modulate upward or downwards, it's essential that BLEND is put into consideration & not just "getting the notes/pitches".

→ I hope you understand & find all these helpful.
